Nevada County Now Employs 2344 Miners

Thinking Out Loud

(By H. M. L.)

The Woman's Civic Club tonight is giving a card party for the benefit of the swimming pool. Everybody in Nevada City should be interested in this because this club, considering the size of the community, accomplishes more for civic comfort, for improved community conditions, and for progress of the most essential kind, than any similar organization we have observed anywhere. It is well named "Civic Club", because it is just that. It is a dynamo of unselfish effort for the common good, putting energy into a better library, a more effective Boy Scout organization, planting trees and shrubs in the memory of good citizens departed—the list and the community debt to these club women is long. Let us male beings respond tonight to their invitation. Really the Woman's Civic Club should be courted chivalrously and gratefully.

Now what is the Civic Club's party about this evening? It is something very essential to the safety of our children. A mud sweeper must be had to take out the sediment that collects in the municipal pool, so that the life guard can see to the bottom of it anytime, in case some careless youngster bumps his head in diving, or has a heart attack (this does happen), or does not know enough about swimming and gets beyond his or her depth. If the water is clear, and our ditch water is never clear enough to see through nine or even five feet of it, there will be time for the life guard to fish the youngster out and bring him back to life. The Civic Club wants to make the pool completely safe for our children. We are asked to help them do it. Incidentally the state law requires clear water in public swimming pools. The mud sweeper will cost $150.

Camp Fire Girls, members of the Girls Reserve, and mentors, guides and friends are home again at Lake Vera. Camp Celio is alive with laughter, twinkling legs and near to nature bathing suits. Piedmont Camp ditto and Mills College camp ditto. Any words of censure for the costumes up and down Broad street, or in the woods and along the banks of Lake Vera? Not a one. In fact remembering those old bunglesome stockings, Zouave bloomers, and wide heavy skirts that the fair femmes wore in vacations at the turning of the century, we lift our typewriter in cheers for the new freedom. Sometimes we have wished that a heavenly dispensation might endow all of these youngsters with the beauty of figure of Grecian nymphs and Peter Pans, but since heaven doubtless will never so ordain, we will rejoice that they come here to live close to the sun and wind and water, and grow in sturdy physical strength and spiritual grace.

When we see an editor adjuring his people to buck up and put on a real Fourth of July celebration, we are reminded forcibly of the decadence of celebrations in general. We don't know just why it is that a Fourth of July, or even Christmas does not thrill the youngsters of today as much as it did a generation ago, but there does seem to be a great indifference. Broadly speaking, this indifference is probably due to the fact life every day is now much more interesting for everybody than it was, say fifty years ago, when a ten mile trip on horseback or in a Concord buggy, was a memorable excursion; when the days were filled with a machineless drudgery from year's end to year's end; when a brass band was a rare treat and not a daily commonplace over the radio; when a traveling troupe of actors once or twice a year, opened a heavenly vision to young eyes, and daily picture dramas were undreamed. Life for old and young is surfeited with new interests everyday. Celebrations have not maintained their relative place. Once they were peaks in community life. But now we live on a plateau where they are barely more than hummocks.

Tom Mooney has at last obtained a writ of habeas corpus from the California Supreme Court. He will be able under this writ to show whether or not perjured testimony was given to convict him, and whether if so perjured it was essential to the conviction: There is no doubt that the world at large believes Tom Mooney innocent, at least of the crime with which he is charged, and no doubt, on the other hand, that the majority of California people believe Mooney guilty. Four governors, in deciding against Mooney appeals for pardon, have tended to confirm that belief in the popular mind. But at long last Mooney has come to grips with the chief factor in his convtcion. If the testimony, without which he could not have been convicted, proves to have been perjured, obviously and eventually, he must be freed, whether California likes it or not.

"Showing Neptune" Is Pageant Set for July in Municipal Pool

"Showing Neptune" is the title of the dedicatory water pageant which Addison Janes, life guard at the municipal pool, will stage and direct sometime during the latter part of July. There will be almost 100 youngsters and a few oldsters in the great cast of the play. Seats will be provided for approximately 1000 spectators on the two long terraces immediately above the pool. This is the first event of this kind ever held in Nevada county or in the regions round about, and a capacity audience is expected. Tryouts for the many roles are now going forward.

There will be mermaids and mermen, tritons and white bearded Neptune with his trident; there will be gorgeous costuming and a great float. Neptune at the conclusion of the show will do a marvelous dive in the vasty deep and will remain there, at least to all appearances, until it is time for his annual visit next year.

Acrobatic and comedy swimming and diving stunts, swimming in formation analogous to the fancy drills of various lodges, and a fast and furious game of water polo, will be among the many spectacular features of the pool dedication pageant under the flood lights, which have just been installed.

The new flood lights installed at the pool now make it available to bathers until nine o'clock in the evening. Janes reports that average daily attendance remains around 200.

Arrangements will soon be made so that the pool will remain open the entire time from 11 a. m. until 9 p. m. The free swimming classes given in the morning from 11 o'clock until noon have proved very popular. Janes states that he has 30 in the beginners class and 20 in the intermediate class. Individual and group instruction for which a small fee is charged.

The pool is gradually clearing up but the growth of algae requires introduction of considerable quantities of chlorine to keep the water clear. It is hoped that with the purchase of a sweeper to collect each morning the sediment from the bottom of the pool the water may be maintained in clear condition at all times.

The Woman's Civic Club is giving a card party this evening in order to raise money for the sweeper, an account of which appears in another column.

The cement floor at the community house has now been placed. Wiring for lights will soon be completed. A carpenter is busy putting in the door and window frames. A fence along Nimrod street from the pool to the gate by the community house has just been installed.

CARD PARTY FOR BENEFIT OF CITY POOL TONIGHT

Tonight is the night!

The Woman's Civic club gives its big card party this evening for the benefit of the municipal swimming pool. The money realized is to be used in purchasing equipment to clear the water of sediment. The party begins at 8 o'clock this evening in Armory Hall. Whist, contract or auction bridge, and mah jongg will be the games offered, and there will be nineteen prizes contributed by firms and individuals of the city.

Those who have donated prizes since the last announcement made in these columns, are as follows: A. Hartung, Lloyd Penrose, Nevada County Lumber Co., Betty Jean Shop and Mrs. F. T. Nilon. The use of Armory Hall is donated by the fire department.

Fifty tables have been provided to accomodate the great throng which has purchased tickets for this evening of amusement.

ESCAPED CONVICT CAPTURED

It was reported that Howard Lee, an escaped Folsom convict was in the vicinity of Chicago Park Tuesday. Deputy Sheriff Carl J. Larson made a search of that district Tuesday and left satisfied that the convict was not there.

Lee was captured Tuesday in Walnut Grove, Sacramento county.

CHAMPIONSHIP SKEET SHOOTERS MEETING OPENS

The great Northern California Championship Skeet Shoot opened this morning at eight o'clock. Skeet shooters, (about one hundred and fifty) will enter this annual competition, held this year on the Nevada City Skeet Club's field on the old Richards ranch. There are two electrically equipped fields, the only ones north of San Francisco in this state.

Here are some facts about the big shoot: All shooters must be registered with the National Skeet Shooters Association and the Northern California Skeet Shooters Association. Both registrations may be made on the field .Variable pull will be used. N. S. S. A. rules will be enforced. Shooters whose averages have not been reported to the N. C. S. S. A. will shoot in class A (95 or over). Ammunition and refreshments will be sold on the grounds. Shells not bought on the grounds subject to examination.

Here is the program: Friday—Practice only; Saturday and Sunday—100 targets for the championship of Northern California in the A-B-C-D classes. There will be a trophy and two medals in each class. Then a special .410 event—50 targets for which a trophy and two medals will be given; next a Ladies Event of 50 targets, for which a trophy and one small medal will be awarded. There will also be events for professionals (100 targets, one trophy and one medal), a team shoot (100 targets—two prizes).

The annual meeting and banquet of the Northern California Skeet Shooting Association will be held in the Elks Building in Nevada City at eight o'clock Saturday evening.

Edd Addington and another man left Nevada City for Feather Falls, Butte county, taking more machinery to develop a new property that shows much promise. Assays in a shallow shaft ran $44.45.

ALLEGED WOMAN BEATERS FOUND NOT GUILTY

Judge Walter Mobley yesterday found the defendants in the case of The People versus May Lohman and O. C. Cassidy, tried recently in the North San Juan Justice court for assault and battery, not guilty. The defendants were accused of waylaying Mrs. George Uhrig in her car on May 9 in San Juan. It was alleged that Cassidy held her while May Lohman beat her with a stick.

Judge Mobley's decision follows in full:

"This cause came on regularly for trial on the 13th day of June, 1935 at 10 a. m. on the said day in the court room in the above entitled court, the testimony having been introduced by the People and by the defendants and counsel for both sides having argued, the court ordered the cause to be submitted, owing to the fact that the evidence introduced was most conflicting, and the court desired further time to carefully review the evidence before rendering judgment.

"The court will not attempt in this brief memorandum to anaylze the testimony given at the trial, but after considering it very carefully in detail, the court is not convinced to the degree necessary for a conviction, but in stating this the court does not in any way wish to criticise the attitude of any of the witnesses at the trial. After giving careful consideration to the facts before the court, the court is still doubtful as to the guilt of the defendants on account of the many conflicts in the evidence offered before the court, and being in this state of mind, the court is compelled, by Section 1096 of the Penal Code of California, which provides that the court must be satisfied of the guilt of the defendants to a moral certainty and beyond a reasonable doubt, to find the defendants not guilty.

"Owing to the tenseness of the situation, which I could not help but feel while I was performing my official duties in presiding at the trial of this case, I think I am not going beyond the bounds of propriety in expressing the sincere hope that this entire matter will now be ended. Cases such as this are difficult to solve, where no disinterested witnesses is produced who has observed the entire situation from beginning to end, and any continuation of court action or ill feeling will result in keeping the difficulty alive. I strongly recommend that the chapter be closed, and that the people of San Juan Ridge work in harmony for the advancement of their section."

JUDGE ST. SURE WILL PRESIDE IN MINE CASE

The lateral rights suit o the Empire-Star Mines Co., vs. the Grass Valley Bullion Mines Co. has been postponed to an indefinite date in August. It is said that it has been difficult to secure a Federal Judge who feels himself competent to preside in a mining litigation case is the main cause of postponement of the case. Word has been received from San Francisco that Judge A. F. St. Sure has now been assigned to the case.

PASTOR RE-ELECTED

The many friends of Rev. and Mrs. H. H. Buckner are pleased to learn that Mr. Buckner is being returned to Nevada City to fill the pulpit of the Methodist church again the coming year. This is to be the eleventh year for Mr. Buckner in this church. He with his wife take a deep interest in their work and have an ative group of members.

E. S. Evans, of Standard Oil's laboratories of San Francisco with Jack Wolf of Grass Valley, were Nevada City visitors yesteerday.

Producing Mines Put More Men to Work

Despite the fact that five of the smaller mining properties have closed during the last month, the Nugget's survey of the mining industry for the past month reveals an increase of 100 men employed. The total is now 2,344 as compared with 2,240 a month ago. The monthly payroll has been stepped up from $313,600 to $328,160.

Substantial increases in employment are noted in Idaho-Maryland, Republic Gold (Empress), Spring Hill, Lava Cap and Zeibright. Relief Hill has gone into operation with 20 men employed. Among those properties in which operations have been resumed are McDonald Ranch, Ragon and Phoenix.

Rumors of mining deals are in constant circulation but few of these can be verified. It is very apparent, however, that the mining industry is attracting more and more attention among investors. The following reports have been received:

LAVA CAP MINE

Sinking operations started June 15th at the Lava Cap mine southeast of Nevada City. The shaft is to be sunk to the 1600 level. Work of enlarging and timbering the 5,000 foot drain tunnel between the Central and Banner shafts on the property is making good progress and will take about a month more to complete. The company has purchased two electric locomotives and a shovel loader which are to be used in the long tunnel when it is finished. 160 men are employed under Superintendent Otto E. Schiffner.

SPRING HILL

The Spring Hill mine is soon to have a 125 ton mill. Foundations are being excavated, buildings for the various mine activities have been erected, and the collar of the new shaft has been cemented for twelve feet below the surface, and foundations for the new head frame are in place. Fifty men are employed above and below ground. H. R Plate, manager, states that gold recovery in the new mill will be by the flotation process. Every unit of the new plant is designed for efficiency and labor saving.

JIM MINE

Two large truck loads of machinery from Los Angeles were taken to the Jim Mine above the Gaston property northeast of Washington in the last few days. The company contemplates erection of a mill this summer. Mr. Columbus and three grown sons are in charge of the property. Two men worked at the

(Continued on Page Five)

ROADMASTER RESCUES WOMAN KILLS RATTLER

Fred B. Hanson, roadmaster of Camptonville, is a hero to a party of city campers, who last week occupied a charming bower on the banks of Oregon creek. While at work on the Pike City road he heard the frantic screams of a woman. Hurrying toward the sound he saw a woman precariously perched on a boulder in the middle of Oregon Creek.

The woman had gone to the creek for water for her party encamped there, and just as she reached her pail into the stream, she heard the loud song of a rattler. With two swift leaps she reached the top of the mid-stream boulder and began calling for help. Even after Hanson had killed the snake, the woman needed much reassuring that it was safe to come ashore.

Presenting the Tax Bill

(Contributed)

Now that the lawmakers have gone home, the average taxpayer in California is beginning to wonder how soon it will be before his purse is as empty as the legislative halls at Sacramento.

In the next two years he will have to dig up $120,000,000 more than he did in the 1933-35 biennium. The new levies, if they applied equally to everyone, would call for $9.50 from each of the 6,500,000 persons in California, each year.

Not that the representatives of the people fell down on the job. As a matter of fact, it could have been a lot worse. Those "nuisance" taxes so strongly advocated at the session's start are not on the list. There will be no boosted gas tax, no tobacco, no beer, no theatre taxes levied by the State. Although the sales tax was raised, that on food was dropped, which means the total for each family will probably be slightly smaller.

Bond and corporation taxes will probably provide some $17,000,000 in new money, while the new income tax will yield $21,000,000, and inheritance taxes will be increased.

No, the legislators didn't end so badly on the job they set out to do. The question is, however, whether or not they set out on the right job in the first place

The cry all along was for $120,000,000 in new taxes. Few voices were raised in a plea to slash the costs of government, the waste and the sinecures, the duplication and the red tape—so that a large chunk of that 120 millions might not have been needed.

As always, the politicians chose to dip more deeply into the taxpayer's purse, rather than curtail the largesse on which they thrive.

PONEMAH COUNCIL HOLDS BANQUET

Election of chiefs took place at the business and social meeting of Ponemah Council No. 6, Degree of Pocahontas, Monday night.

The following were elected: Pocahontas, Blanche Williams; Wononah, Ranieta Gates, Powhattan, Ted Deal; Prophetess, Gertrude Jones; Keeper of Records, Phoebe Ponticelli; Collector of Wampum, Helen Kieffer; Keeper of Wampum, Lila Day. The new officers will be seated during July by District Deputy Nettie Gildersleeve.

The following were elected as representatives to the Great Council which convenes at Petaluma in August, Nettie Gildersleeve, Helen Kiefer Lewis and Blanche Williams, alternates: Dell Walsh, Elma Hecker, Lila Day, and Jessie Costa.

After the business meeting and program a banquet was enjoyed at beautifully decorated tables.

The guest o honor Miss Rachel Penrose, whose birthday occurs this week was seated and in front of her placed numerous gifts of remembrance from those present.

The name of Jessie Costa is to be submitted to the Great Council for Ponemah's recommendation for coming District Deputy.

CUB SCOUT ON JOB

Two persons, one a former Boy Scout official, in a car on Grove street in Nevada City, were delighted to see a Cub Scout carry out instantly one of his Scout obligations last Sunday in a quick decisive way. This boy is James Dawson, son of Mr. and Mrs. E. R. Dawson.

A stranger walked along the sidewalk and threw a lighted cigar end into dry grass and weeds. It started burning and this Cub Scout saw it and immediately put the blaze out. There is an abundance of dry grass on both sides of Grove street in places that could have caused much damage.

ASSESSMENT WORK ON CLAIMS IS SUSPENDED

According to advice from Washington received by Walter W. Bradley, State Mineralogist, the President on June 13th signed S. 2536, Hatch, (Dem., New Mexico) providing for the suspension of annual assessment work on mining claims held by location in the United States. The current law does not apply to Alaska. The text of the Act follows: "that the provision of Section 2324 of the Revised Statutes of the United States, which requires on each mining claim located, and until a patent has been issued therefor, not less than $100 worth of labor to be performed or improvements aggregating such amount to be made each year, and the same is hereby, suspended as to all mining claims in the United States during the year beginning at 12 o'clock, M., July 1, 1934, and ending at 12 o'clock M. July 1935: Provided, That the provisions of this act shall not apply in the case of any claimant not entitled to exemption from the payment of a Federal income tax for the taxable year 1934; Provided further, That every claimant of any such mining claim, in order to obtain the benefits of this act, shall file, or cause to be filed, in the office where the location notice or certificate is recorded, on or before 12 o'clock M. July 1, 1935, a notice of his desire to hold said mining claim under this act, which notice shall state that the claimant or claimants were entitled to exemption from the payment of a Federal income tax for the taxable year 1934; And provided further, That such suspension of assessment work shall not apply to more than 6 lode-mining claims held by the same partnership, association, or corporation: And provided further, That such suspension of assessment work shall not apply to more than 6 placer-mining claims not to exceed 120 acres (in all) held by the same person, nor to more than 12 placer-mining claims not to exceed 240 acres (in all) held by the same partnership, association, or corporation."

Particular note should be made of three points: (1) Those persons or firms who were liable for the payment of Federal income tax for the calendar year, 1934, must do assessment work this year on mining claims in which they hold an interest. (2) A notice to hold claims under benefit of this moratorium must be filed by noon, July 1, 1935; said notice also to contain a statement of income tax non-liability. (3) Such suspension does not apply to more than 6 lode claims held by an association; nor to more than 120 acres in placer claims by an individual or 240 acres by an association. (4) 12 o'clock M. July 1st means 12 o'clock Meridian (noon), not Midnight.

BIRTH

DALPAZ—In Nevada City, California, June 17, 1935, to Mr. and Mrs. James P. Ralpaz, a baby girl, Lola Anna, 8 pounds.

FREDERIC MINE

Drifting continues to the east in the shaft at the Frederic mine in Willow Valley east of Nevada City. Two raises are being driven, all development work is in the vein. Gordon M. Bettles is superintendent.

Mr. and Mrs. F. F. Cassidy are spending several days in San Francisco this week.

AMBULANCE SERVICE

Nevada City —— Grass Valley

GRASS VALLEY TO ENTERTAIN HOST ON FOURTH

Grass Valley is sprucing up for its bi-annual job of entertaining Nevada and Sierra counties and portions of Yuba and Placer counties on the Independence Day celebration.

Flags and bunting are being hung from business house fronts. Street banners and curb flags will be placed to give the community a refreshing appearance for the climatic hour of the entire two day fete—the parade on the morning of the Fourth.

Promptly at 10 o'clock, according to Parade Chairman, Bert Chegwidden, the parade will start moving through the business section, three divisions, lead by three bands with scores of floats and marching units.

Patriotism will flare in the first parade division, a section given over to presentation of the calendar year through floats depicting the season or principal holidays. Some months will have as many as two or three float entries.

The second division will comprise special floats and displays, marching units and juvenile floats. The third will be devoted to decorated automobiles and commercial cars.

Conclusion of the hour long parade will bring the start of the patriotic exercises at the city's Veteran Memorial Building at approximately 11 or 1:15 a. m.

NOTICE!

TO DELINQUENT TAX PROPERTY OWNERS

SECTION 3817J OF THE POLITICAL CODE OF THE STATE OF CALIFORNIA, ADDED AND IN EFFECT JUNE 12TH, 193[5] PROVIDES THAT WHERE REAL ESTATE HAS BEEN SOLD TO THE STATE ON OR BEFORE JULY 6TH 1934 THE OWNER MAY REDEEM THE SAME BY PAYING ALL UNPAID TAXES AGAINST THE PROPERTY WITHOUT ANY PENALTIES, COSTS OR INTEREST CHARGES. WEEKL COMMENT

BY

Christian Andersen

In this column some months ago it was said that the next presidential campaign would be a campaign between press agents. The foundation for the campaign is now in the process of being laid. On the one hand those who would be in power feel the need to destroy whatever those in power have erected, on the others, the "ins" must needs to defend their achievement. Neither party will stop at anything to maintain or gain supremacy; destruction of character by paid and efficient wrecking-crews will be part of the program of the political scavengers. Attempted destruction of the popular and effective policies of the "ins" by the "outs" and so the struggle goes on insidiously until by the time the campaign is really on, both sides will begin to fire as many millions of words as their campaign contributors will pay for. Then, on the morning of the fateful day of voting they will have "crystalized" public opinion for their candidate and the dear people will vote as they d— please. Let me say that in my opinion the Democrats will be hard to beat this time.

Progress is in no sense conditioned by creed or color. It is the visual accomplishments of the emotional and spiritual nature of man. No sectional selfishness can do more than delay progress. Emotion is the higher or divene spark which will eventually reach it's objective. Man must have something devotional to hold to or his spirituality dies and he becomes a savage. One great philosopher said that man need never seek God because God is everywhere and that man only needs to cleanse his body and soul and the stream of divinity will flow into his soul thus fulfilling his destiny and making his material life fuller and more endurable on this earth.

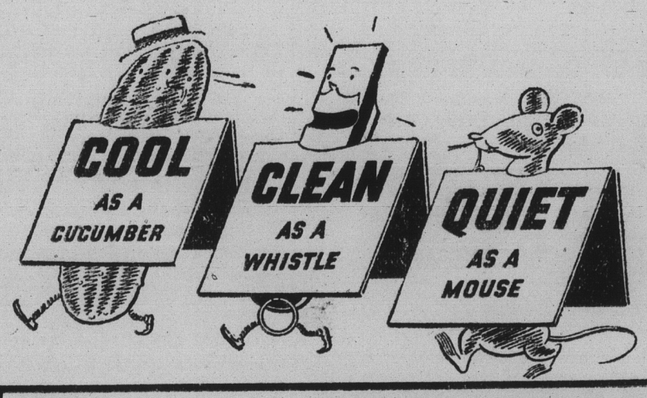

For about nine years we, have attended no dances or other such functions until a week or so ago we all went to Camptonville to a dance of my own promotion. It seemed to us that we had been missing something worthwhile all these years and—so—we have decided to attend more of such efforts for we had a grand time. It seemed to us every one did.

The whole family went on an advertising jaunt through Nevada City and Grass Valley to tell people about the North San Juan Cherry Carnival. I was scheduled for a baritone solo or two, using amplifying equipment. I had not sung in public for ten years and although rehearsals were given, great care and confidence was built up, I had "buck fever" so bad that the words failed to come to mind. As far as my feeling is concerned my songs were an utter and complete failure, the rest of the family luckily, were able to carry on and we all had a lot of fun.

On one street in this village of ours there are some gorgeous blackberry bushes which in their effulgence have overflowed to the sidewalk and are almost unavoidable, these beautiful but stickery vines are death on silk stockings as many women can testify. Of course it is good for the silk stocking business.

Some day television will be installed as burglar protection. The electric eye will be trained on the windows and the vaults so that an intruder will set off a mechanism which will ring police headquarters. While the police in the station watch him on the screen, other officers will be on their way to the bank and it will all be done so fast that the intruder will inevitably be captured.

SAFEWAY STORES

PRICES EFFECTIVE JUNE 21 TO 27, INCLUSIVE

Here's where your food dollar goes at your Safeway Store

When you spend a dollar here for food, Safeway receives only 1 and 6/10 cents of it. Over 78 cents goes to the farmer and the man who "processes" and transports the food. Eleven cents pays salaries—9 cents goes for rent and other expenses. Most of this money stays in your own state—helps promote your prosperity.

Your Safeway grocer knows his living depends on your prosperity. By *spending* money here, by *saving* you money on food, by giving a *larger portion of your food dollar to farmers in your State*, he is helping you every hour of the day.

BIG TREE CO. IN CALAVERAS, GETS HOUSING LOAN

Angel's Camp famed for its annual frog jumping contests and erstwhile retreat of Mark Twain and Bret Harte, was a jump ahead of other communities in taking advantage of the recently amended National Housing Act which permits modernization credit loans up to $50,000.

The first loan of its kind in Northern California, it was announced by the Federal Housing Administration, was made this week by Angel's Camp branch of Bank of America to finance a $10,000 improvement project undertaken by the Big Trees Lake Alpine Company.

Under the amended act, increasing maximum loans from $2000 to $50,000, the regulations governing modernization credit for improvement of hotels, apartments, public buildings, industrial plants and similar properties, are practically the same as heretofore, according to Clifford C. Anglim, district director of the Federal Housing Administration in Northern California.

Purchase and installation of machinery and equipment are eligible for modernization credit under the new regulations, Anglim said, provided they are "peculiarly adapted to the business conducted therein and necessary to the operation thereof."

MINING NEWS

(Continued from Page One)

property all last winter. The tunnel which is in over 1,000 feet, cut two or three good ledges in drifting toward their objective, the Jim ledge. Ore in the two ledges cut justifies the erection of a mill. There is a sawmill on the property, and a small tractor was taken in recentiy to bring logs from the woods to the sawmill.

IDAHO-MARYLAND MINES INC.

An extension is being built on the Brunswick mill to handle ore mined in Brunswick shaft No. 2. The boring machine is in hard ground again and making very good progress, the shaft being down about 500 feet. The excavator purchased by the company in recent months is at work at the airport working on a second runway. Errol MacBoyle is general manager of the property.

SALMON MINE

A heavy flow of water was encountered in cross cutting operations at the Salmon mine near Tyler recently. While it usually is an indication of vicinity to good ore, the management is required to operate their pumps day and night. Several feet of silicified slate has been encountered and indications are that drifting is in the porphyry dike. However, the main ledge has not been reached as yet. J. B. Truitt is in charge and has six men employed.

RFC MINING LOANS NEAR $5,000,000

Following is the first authentic and complete list of all loans granted for mining to individuals and corporations by the Reconstruction Finance Corporation since the inauguration of its Mining Division last year. Out of $4,889,000 in loans approved, California has received the greatest number, five in all, totaling $1,088,000, while there are many others still pending for this state. With but two exceptions, all are gold mines.

Company	Location	Approved	Amount
Sutro Tunnel Coalition	Crown Point, Ne.	Sept. 1934	$ 160,000
Consolidated Coppermines	Ely, Nevada	Jan 21, 1935	3,000,000
Crams Incorporated	Oregon	Oct. 19, 1934	12,000
Southwestern Metal Mines	Arizona	Nov. 19, 1934	8,000
Thomas R. Hanna	California	Jan. 1, 1934	8,000
Gold Hill Dredging	California	Jan. 17, 1935	240,000
Porter Bros.	Helena, Montana	Jan. 21 1935	180,000
Mining & Developing Co.	Oregon	May 3, 1935	176,000
Guy M. Standifer	Folsom, Calif.	Mar. 21, 1935	350,000
Dayton-Douglas Cyanidation	Nevada	April 9, 1935	15,000
Humphreys Gold Corporation	Montana	April 9, 1935	250,000
Sacramento Gold Dredging	California	May 9, 1935	140,000
Picacho Gold Mining Company	California	April 9, 1935	350,000
		Total	$4,889,000

WESTERN GOLD

Western Gold, Inc., Relief Hill, for two years in preparation for production contemplates financing the construction of a debris dam on the South Fork of the Yuba, the acquisition of additional watersheds and building reservoirs and the development of additional claims. Directors of the company are: W. H. Taylor, Evan George and Albert Lachman, San Francisco. — Mining and Contracting Review.

GOLDEN CENTER MINE

Crews are drifting and cross cutting from the Golden Center mine shaft in the heart of Grass Valley, to the Peabody shaft in adjacent property on Gold Hill, which the company owns. The Peabody shaft is being unwatered also. Reports are that good ore is being mined in the Golden Center which is owned by Mr. Cooley Butler of Los Angeles.

BULLION MINE

The Bullion mine south of Grass Valley, according to reports, is reopening the old Alaska, an adjoining property, taken over by the company. The shaft is being unwatered and machinery taken to the Alaska. The company has about 2,000 acres under option including the Bullion mine.

NEW PROPERTY UNDER OPTION

A group of mining men of Southern California were in Grass Valley this week and took an option on seven claims, among them are the Thomas, George, McCabe, Estates, and four others, all located on Osborne Hill back of the Empire mine at Grass Valley.

KENNEBEC CONSOLIDATED

Mark Paine, of Lake City, north of Nevada City, was a visitor in Nevada City Wednesday. He said operations in the Kennebec Consolidated mine, in which he is interested, have been temporarily suspended. He, with his brother, has been running a line of levels for water power. Mr. Paine is well satisfied with recent assays and states the property justifies a strong development program.

NEW ENGLAND PROPERTY

Mr. Arthur B. Foote of Grass Valley, has taken options on the New England and Mountaineer properties south of the Nevada City limits. In the last few days he has secured an option on the mineral rights of the Alfred Martin property, which adjoins. This group holds promise of making a splendid mine to add to the working mines of Nevada County.

FRENCH CORRAL GRAVEL

Eight men are employed on the French Corral gravel mine at French Corral where the dragline and trommel are being used successfully. The company dammed up an old drain tunnel on the property that will assist in holding water for mine operations for some time. A. A. Wise of Oakland is in charge.

ICARD RANCH

Development work in the shaft at the Icard Ranch property, near the Empress or Republic Gold mine in the Newtown district, looks good. George Icard, owner of the property is expected home any day from a few months trip to the Philippine Islands. His niece, Mrs. Kelly, is in charge of work at the ranch.

ZEIBRIGHT MINE

At the Zeibright mine in Bear Valley east of Nevada City, crews are blasting out rock for the foundation of the new 400 ton daily capacity mill which was bought by the Newmont interests recently. The will on the property is to continue treating ore for a time or until the space is needed for the new mill. Carpenters have started framing timbers for the new mill.

MOUNTAIN VIEW MINE

Lumber is being hauled from the Omega saw mill to the Mountain View mine northeast of Washington on the Yuba river, this week. Mr. White is superintendent, and is expected up at the property soon. There are three old properties, with good past production records, in the Mountain View group.

OCEAN STAR PROPERTY

Mrs. Klinker of Colfax and Mr. Sellerman, former lieutenant governor of Nevada state, with others visited the Ocean Star mine above Washington this week. Mrs. Klinker's late husband, who was killed in an auto accident near Bakersfield recently, was also interested in the property.

PRESCOTT HILL PROPERTY

Twenty men are employed under Superintendent William Jeffrey of Nevada City, developing by drifting, raising and diamond drilling at the Prescott Hill Mine which adjoins the Pennsylvania mine. Both properties are owned by the Newmont interests.

OMEGA GRAVEL

Repairs are being made with a crew of five men at the Omega gravel property above Washington, which is being operated by the Omega Development Company. The company is getting ready for active operations. Theodore Larsen is superintendent.

GREAT NORTHERN

At the Great Northern, or former Hoge mine, northeast of Nevada City fifteen men are taking ore from the 300, 600, 800 and 1,000 foot levels. Clarence Osborne is in charge of operations.

PENNSYLVANIA MINE

Three winzes being sunk on the 1700 foot level in the Pennsylvania mine at Grass Valley are each down 300 feet, and sinking continues. A crew of 135 men are employed at the Pennsylvania with William Jeffrey of Nevada City as superintendent.

RIVER PLACERS GRAVEL

Water is so far down on the South Yuba River now that the river has again been diverted through the big drain tunnel built last year. Excavation is to start in the very near future. Mr. A. D. Hughes of Nevada City is superintendent.

PHOENIX MINE

Three men are employed in keeping the shaft unwatered at the Pheonix mine below Grass Valley. It is reported that the company expects to have funds to start shortly. Thomas Davey of Grass Valley is superintendent.

REPUBLIC GOLD MINE

Drifting and stoping of ore continues at the Republic Gold Mine in the Newtown district southwest of Nevada City with 82 men on the payroll. The big mill is treating 220 tons of ore per day. Mr. Ed. C. Jacobs is superintendent.

SPANISH MINE

Sinking continues in the upper shaft at the Spanish mine above Washington. The ore is brought to the lower camp, where the mill is located by a mile and a half long tramway, for treatment.

RAGON MINE

Pumping water was started in the Ragon mine shaft west of Nevada City, Wednesday. In a 24 hour period the water was lowered 16 feet. The pump handles 400 gallons of water per minute. O. M. McCraney is superintendent.

MATTIE MINE

Operations at the Mattie mine below Grass Valley are held up pending claim settlements. The 700 foot three compartment sshaft is kept unwatered. Charles Best, tractor manufacturer of San Jose, is the owner.

SCHROEDER PROPERTY

A program of diamond drilling is being carried out in the Schroeder property in the Rough and Ready district. It also is owned by Mr. Cooley Butler of Los Angeles.

Nugget Advertising Pays.

YELLOW JACKET CONS.

The Yellow Jacket Consolidated Mining Co., Alleghany, is raising to surface from its main drift to obtain a second opening. Charles Trezona, Los Angeles is general manager.

KEYSTONE PROPERTY

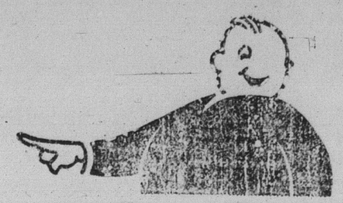

Mr. Jordan in charge of the Keystone mine which is in the Newtown district not far from the Republic Gold mine, expects to start operations soon.

A Glimpse of Building Activity

VOL. 1. JUNE 21, 1935. No. 11.

The Convention of Builders Exchanges at Grass Valley Saturday is the high light in Building Circles this week.

Our community is a delightful place to hold conventions during this time of the year when the heat is intense in the interior valley, and this gathering will, we hope, be the forerunner of many more.

A new type of sash balancer, the Acme, can be installed in the old type of windows without tearing apart the casings or frames. Will work as well as weights and cord, is inexpensive in price and very easy to install. Fine for new jobs as well, of course.

The Dan Stewart home in Grass Valley is being remodeled with Contractor Lawrence Smith in charge of the work.

Contractor Lawrence Smith is nearing completion on the alteration job on the Glen Cleland home on Pine Street, in Nevada City.

The bathroom in this home is being finished in the very popular Bestile in a pleasing color combination of rich cream and black.

Plastering Contractor Fertig is plastering the Brown home on Deer Creek, below Nevada City.

See the Minstrel Show at the Veterans Auditorium Saturday evening. Put on under auspices of the Builders Exchange. A great show for a small admission charge.

DID SHE MEAN HE WAS?

The motor purred softly as the couple drove along the lovely country lane. The moon was full, and there was romance in the air. The fair girl looked frequently and longingly out of the corner of her eye at the agreeable looking young man at her side. But he just kept on driving, watching the road closely. He seemed scarcely aware of her loveliness. Then the motor coughed, wheezed, slowed down, and the car stopped.

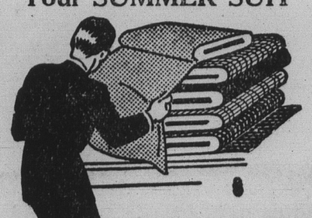

"It's dead," said the young man, looking at the motor.

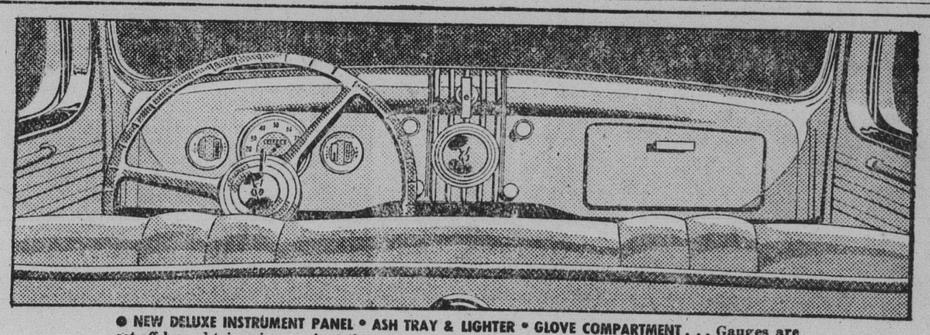

"Well, it has lots of company," said she icily.

SOCIAL EVENTS

Miss Maurene Perry to Wed Ernest C. Beck

Mr. and Mrs. William C. Perry announce the engagement of their daughter, Miss Maurene Perry to Ernest C. Beck of Gold Flat and Nevada City. The wedding will take place on June 27.

Both young people are well known in this community. Miss Perry is a graduate of Washington school and the Nevada City high school with the class of 1935, and Mr. Beck is the son of Mrs. Fred Beck of Gold Flat. He was born and has lived here all his life. He is employed in the North Star mine in Grass Valley.

Bride to Be Honor Guest

Mrs. Russel Farley entertained Tuesday at her home on Pine street with Miss Irene Glennon, who will become the bride of Allen Moore in July, as the honor guest.

The affair was a miscellaneous shower and Miss Glennon was the recipient of many engagement gifts. Bridge and whist were the diversions of the afternoon. Late afternoon refreshments were served after the card games. Invited to greet Miss Glennon were: Misses Ruth Curnow, Betsy Bennetts, Gertrude Schrieber, Cecelia Wood, Fern McClure, Mamie Fradelizio, Pauline Rosinski, Flossie Angove, Betty Teft, Marjorie Williams, Marjorie Masterson, Merle Hocking, Roxanne Boggs, Alberta Watters, Nathelle Worthley, Marian German, Lilian Wasley, Margaret Tennant, Georgie, Irene and Catherine Glennon and the hostess, Mrs. Russel Farley.

Picnic Prizes Made at Party

A delightful outdoor luncheon and a busy afternoon at the home of Mrs. W. Garrison on Wednesday.

The ladies met to further the plans for the big state employees association picnic to be held at Lake Olympia on Sunday, July 21, at which 4,000 are expected to attend.

After lunch the ladies dressed dolls and made toys for prizes to be given winners of the various contests to take place at the picnic. Present at the enjoyable affair were. Mrs. Walter Butz, Mrs. J. Lawyer, Mrs. Simon Hieronimous, Mrs. Daniel Treanor, and Mrs. Charles Eden of Nevada City. Mrs. Swartz and Mrs. Barnes of Colfax and Mrs. U. Harvey and Mrs. Bennetts of Grass Valley.

Shower Party for Sacramento Guest

Mrs. Charles Hooper and Mrs. Ninnis hostessed a dainty shower party on Saturday afternoon in honor of Mrs. Raymond Packwood of Sacramento. The affair was held in the home, beautifully decorated, with beautiful flowers, of Mrs. Packwood's mother, Mrs. Ernest Cole.

Several hours were enjoyed in playing of contract whist after which dainty refreshments were served. Mrs. Packwood received many pretty gifts. Those present were: Mesdames George Sandow, Thomas Haddy, Nance Scheidick, William Kervin, J. C. Scheemer, Robert Grant, J. P. Muscardini, B. Masterson, Ben Hall, Peggy Flynn, Nancy James, Adeline O'Connor, Charles Ninnis, Hooper, Martin, Raymond Packwood and Mrs. Ernest Cole.

Personal

Julius Anderson, who owns the 80 acre Boston mine above the Gaston mine near Washington, was a Nevada City visitor yesterday. He has done considerable work on his ground and is now running a lower tunnel. This is Mr. Anderson's first visit to Nevada City since election day, or last fall.

Dr. C. W. Chapman, R. L. P. Bigelow, N. S. G. W. frand parlor committee chairmen, and Elza Kilroy, district deputy went to Sacramento Monday night to attend an important meeting of Native Son officials of the grand parlor.

Miss Adele Hieronimous, teacher in the Loomis schools, and resident of this city, is leaving today with Miss Florence Russell of Loomis by boat for the Hawaiian Islands for a several weeks stay.

The steel girders for the steel and concrete bridge at the city of Downieville, were taken by truck to that city Wednesday. When complete it will replace an old structure at the northeastern city limits of Downieville.

Mrs. W. E. Young and daughter, Miss Beth Young, motored to Sacramento Tuesday where they visited with friends and attended to business affairs.

Mr. and Mrs. Tennant and their daughters Joan and Margaret have returned from a delightful motor trip to Santa Rosa and an excursion up the Redwood highway.

Mr. and Mrs. A. D. Hughes and son, Ross, of this city, left Wednesday for a short vacation in San Francisco. Mr. Hughes is superintendent of the River Placers, which is being operated by the American Lead and Zinc Company of New York.

Bill Tamblyn, Jr., of the Sacramento Jr. College is home to spend his vacation with his parents, Mr. and Mrs. W. Tamblyn.

Mrs. O. F. Dahlgren of San Francisco is here visiting with her sister, Mrs. Elmer Durben and Mr. Durben.

Miss Fidella Legg is visiting her parents Mr. and Mrs. George Legg over the week end.

Mrs. Kitty Kimball, of this city, left Wednesday for a few days stay in Reno, Nevada, in the interests of her mining property.

CHATTANOOGA WINS WARM PLACE IN HEARTS OF NEV. CITY VISITORS

Mr. and Mrs. Ed Uren remember very kindly the city of Chattanooga, Tenn., where they feel that in one respect, at least, California hospitality will have to take a back seat. When they arrived there a policeman, noticing they were from out-of-state, handed them a tag which they preserved for the perusal of Nevada City officials, in hopes that something of the same kind might be done for visitors to Nevada City. The face of the tag reads:

"WELCOME VISITOR!, Chattanooga extends to you the glad hand and hopes you will return early and often. (Signed) Chattanooga Police Depart. For general information call at the police department."

The reverse side of the tag bore these remarks: "This card entitles you to park your car as long as you please in Chattanooga. NEVER MIND THE TIME LIMIT. (But please be reasonable.) Please do not park in safety zone or near fire hydrants."

In large type at the bottom appeared this warning: "FOR OUT OF TOWN AUTOISTS ONLY. Severe penalty if used by residents of Chattanooga or vicinity."

LAST RITES HELD FOR FORMER RESIDENT

Last rites were held yesterday at 2:30 o'clock at Holmes Funeral Home for the late Harry Kite who passed away in San Francisco on Tuesday.

Mr. Kite, 57, spent a great part of his life in Nevada county, at Washington where he was engaged in mining. Of late years he has resided in Honcut, Butte county. He was well known and highly esteemed throughout the county.

He leaves a wife, a sister, Mrs. E. Zeigler of Mill Valley, a brother, Dick, of Honcut, California, and two nieces, Mrs. F. W. Mosby and Mrs. R. J. Stanton of Mill Valley.

Mr. and Mrs. Wm. Peterson and child, Mrs. B. De Coss and Mrs. Richard Kite were here to attend the funeral yesterday.

GOOD PROGRAM READY SATURDAY FOR BUILDERS

A fine program has been prepared for the Northern California Builders' Exchange convention in Grass Valley at 10 o'clock. The delegates will meet in the opening session then divide into individual craft groups. They will meet again in general session before the one o'clock dinner which takes place at Bret Harte Inn.

The list of after dinner speakers follows: William Esterly, convention chairman; Charles W. Pettifer, president of the California State Building Exchanges; Senator Thomas Scollan of Sacramento; Senator W. P. Rich of Marysville; Assemblyman Earl Desmond of Sacramento; Asseemblyman Roy J. Neilson of Woodland; Glenn Slater of the State Contractor's License Bureau; Floyd Booe of the Associated General Contractors and Frank McVeigh, regional director of the Federal Housing Administration.

After the dinner delegates and visitors will go for a drive and a visit to some of the mines.

In the evening at eight o'clock the concert by the Grass Valley Concert Band and the 8:15 minstrel show by the Redwood Empire Minstrels at the Veterans Memorial Building will take place. The public is invited to this part of the program. Tickets to the minstrel show are 50c.

Loyle Freeman of the Grass Valley Chamber of Commerce and Judge Raglan Tuttle of Nevada City will extend welcome and greetings to the visitors at the general sessions.

NEW GRANDSON TO DR. C. W. CHAPMAN

Dr. C. W. Chapman was smilingly announcing the birth of a grandson on Tuesday. Sargent Chapman of Dayton, Ohio, is the proud father.

NATIVE SONS TO MARK SITE

Native Sons and Daughters will gather at Placerville Sunday to dedicate and mark the site of the livery stable in that city where the Pony Express stabled its horses, in Argonaut days. Following this ceremony the members and their families will go to Coloma for a big picnic. All members of the local parlors are cordially invited to take part in the day's festivities.

LOCAL DISTRIBUTOR ANNOUNCES A NEW BEER

In order to meet the demand for a deluxe beer, the Golden West Brewing Company, brewers of Golden Glow Beer and Golden Glow XXX Ale, today announced El Capitan Beer. The announcement was made through E. R. Stambaugh, its local distributor.

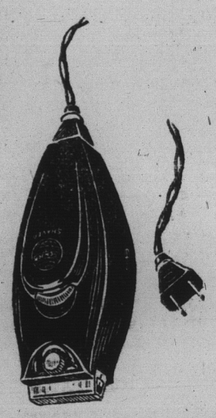

According to E. R. Stambaugh expense has been absolutely disregarded to make El Capitan the finest beer it is possible to produce.

While El Capitan is named for the famous old El Capitan Beer of a generation ago, still remembered favorably by beer drinkers of pre-prohibition days, it is an entirely different type of beer, the local distributor said.

"El Capitan is a delicate, light, Pilsner type beer, delicious and refreshing," he said. "El Capitan is a beer for those who demand the best and while it is to sell at slightly higher price than standard brands, I foresee a great popularity for it.

"Officials of the Golden West Brewing Company recognized some time ago that there was a growing class of beer-drinkers who insisted on the best and were willing to pay a higher price for a de luxe product. To meet this demand they planned to produce, when the time was ripe, a beer which would surpass anything ever offered heretofore. Meanwhile, they carried on the necessary planning and development.

"Now the time has come and El Capitan is here."

A CLEAN, CLOSE SHAVE IN A JIFFY WITH A SCHICK DRY SHAVER

What a thrill you'll get out of this new, modern shaving method that does away with blades, with soap and lather, with lotions and creams. No more cuts. No more fuss or bother. Just plug your Schick Dry Shaver into a convenient socket and—presto!— you'll enjoy the fastest, easiest, most convenient shave you've ever had in your life. Come in and let us demonstrate the Schick to you. You will save enough on blades, soaps and lotions to pay for it in a short time.

FRIDAY

THE INFORMER — Victor McLaglen and Margot Grahame in a thrilling tale of strife and intrigue, and of a strong man's love for a woman.

SUNDAY

VANESSA: Her Love Story — Helen Hayes, Robert Montgomery, Otto Kruger, May Robson, and Lewis Stone—five great stars in this one great picture. Reckless, devil-may-care romance for the ages. A stirring tale of two lovers whose hearts cried out for the love that was denied them.

SATURDAY

SHADOW OF DOUBT — Ricardo Cortez, Virginia, Bruce, Constance Collier, and Betty Furness in a baffling mystery drama. A mystery story which has created more comment than any story of its type since "The Thin Man."
